Work Related Learning Activity

Start Date: 13th September 2022

End Date (if known): _____

Your role at the placement (position): Node JS Intern

Brief description of your work at the placement: I am hired as an intern for the company innovate tech. My work is supposed to be working under company supervisor for certain projects that has been assigned for me related to Node JS.

Proposed learning outcomes from the Work Related Learning Activity:
It is very important that you read the learning agreement guide before filling in this form. You need to list **at least 7 learning** outcomes, and at least **two** learning activities should be closely relevant to the course you are doing at the university.

Learning Outcome ID	Learning outcomes By the end of my work placement, I will be able to develop what skills or knowledge: (e. g. develop my XXX skills, enhance my knowledge of XXX)	Activities and tasks I will achieve this learning outcome by carrying out what tasks (e. g. participating in a Web development project, or to work in a team, or to engage in group discussion)	Evidence Evidence I could use to demonstrate that I have achieved this learning outcome? (e. g. feedback from the employer, artefacts I will develop, screenshots or video capture, meeting minutes)
LO1	I will learn about the JavaScript and TypeScript programming language	I will learn JavaScript concept for better understanding of TypeScript and implement the TypeScript in the React and Node application	I will provide the screenshots of the code working on both JavaScript and TypeScript.
LO2	I will learn React library and Material UI for the frontend development.	I will be involved in the project where the React and Material UI will be used so I will enhance the coding skills by discussion and further research and self-coding.	I will provide the screenshot of react and material UI code along with the research done.
LO3	I will learn Node JS and express framework for the backend development	I will be involved in the project where the express and Node JS is used and learn about them via group discussion and working for the project.	I will provide the screenshot of code of both React and Express framework.
LO4	Collaborative teamwork	I will be working alongside with other member of the project and try to concern with them for the betterment of the project.	I will provide the worklist of each member in the group.
LO5	Creative problem-solving skills.	I will be solving the faced problems in the project assigned and debug the errors in the code	I will provide the screenshots of the solved problem.
LO6	I will enhance my time management skill	I will be managing the time for both the intern and my academic sessions. I will make a perfect schedule for managing the	I will provide the screenshot of weekly schedule in MS Excel.

		academic and intern time.	
LO7	Report writing skills and presentation skills	I will write the report for the project. I will present the work done by me in the meeting	I will provide the sample of my report. I will provide the screenshot of the presentation in google meet.
